

1 What is claimed is:

2

3 1. A skin care product comprising:
4 a cactus fruit extract; and,
5 a natural skin supplement.

6

7 2. The skin care product of claim 1 wherein said natural skin supplement is an herb.

8

9 3. The skin care product of claim 1 wherein said natural skin supplement is an herbal
10 stimulant.

11

12 4. The skin care product of claim 1 wherein said natural skin supplement is ginseng
13 root.

14

15 5. The skin care product of claim 1 further comprising ginseng berry extract.

16

17 6. The skin care product of claim 1 further comprising a skin masque composition.

18

19 7. The skin care product of claim 1 further comprising a facial cleanser composition.

20

21 8. The skin care product of claim 1 further comprising a body wash composition.

22

23 9. The skin care product of claim 1 further comprising a bar soap composition

24

25 10. The skin care product of claim 1 further comprising a shampoo composition.

26 11. The skin care product of claim 1 further comprising a hair conditioner composition.

1 11. The skin care product of claim 1 further comprising a hair conditioner composition.

2

3 12. The skin care product of claim 1 further comprising a toothpaste composition.

26

7

1 13. A topical skin application comprising:
2 a cactus fruit extract; and,
3 a ginseng berry extract.

4 14. The topical skin application of claim 13 wherein said cactus fruit extract is taken
5 from the Cereus Grandiflorus cactus.

6

7 15. The topical skin application of claim 13 wherein said cactus fruit extract is taken
8 from the Opuntia cactus.

9

10 16. The topical skin application of claim 13 wherein said cactus fruit extract delivers
11 vitamins to the skin upon application thereto.

12

13 17. The topical skin application of claim 13 wherein said cactus fruit extract moisturizes
14 the skin upon application thereto.

15

16 18. The topical skin application of claim 13 wherein said cactus fruit extract enhances
17 skin re-moisturizing.

18

19 19. The topical skin application of claim 13 wherein said cactus fruit extract promotes
20 healing of wounds on the skin.

21

22 20. The topical skin application of claim 13 wherein said botanical ingredient is an herb.

23

24 21. The topical skin application of claim 13 wherein said botanical ingredient is ginseng
25 root.

26

1 22. The topical skin application of claim 13 further comprising an ingredient selected
2 from the group consisting of ginseng root, grape seed extract, avocado, cucumber,
3 jasmine, orange peel, flowery knotweed, hibiscus sabdariff, mulberry leaf,
4 chrysanthemum coccineum, sage, grapefruit peel, kiwi, lemon, algae, and white
5 water lily.

6

7 23. The topical skin application of claim 13 wherein said application is a skin cream.

8

9 24. The topical skin application of claim 13 wherein said application is a hair care
10 product.
